

Title:	Digital manga	
---------------	---------------	---

Text:	<p>Yukiko told us about a recent report that confirmed sales of traditional manga in book form declined at a rate of 10-20% in 2017, whereas the digital type increased by a similar amount.</p> <p>One reason cited for the big shift last year was that many of the classic manga have been converted to digital form and discounted to tempt fans away from the paper versions.</p>
Discussion:	Which form of book do you prefer; paper or electronic?
Words and usage:	<p>Decline</p> <p>This means to become less, lower or worse, possibly to a finish point. Alternative verbs include decrease, reduce or go down, though, these usually refer to a number value.</p>
